Positive: Professionalism, Punctuality, Responsiveness, Value

Harpenden Waste Away provided a very professional and good value service. We had some earth that required collection from our recent garden renovation. Peter was easily contactable and quoted the job through photos. He arrived at 9:00am sharp the next day to collect the rubble. I would highly recommend Harpenden Waste Away to everyone and it is much more cost effective than hiring a skip!

I have used their services twice now and I'm very happy with how swift and professional they are.

They were helpful and polite and would happily recommend them

Thanks guys
